NEWSLETTER

Kia ora, ni hao, malo e lelei, talofa lava, kia orana, namaste and greetings to everyone.

Today there is information for the school community about the four local primary schools' proposed enrolment zones in the local newspaper. The information is also here below. There are maps and descriptions in the school foyer as well. Documents are also included on our website on the enrolments page. You can reach this from the following [link](#). This is an important step for all the schools and we invite you to read over the proposal and make any submissions you feel appropriate. While having an enrolment zone is not new for Newlands School, a change to some of the boundaries is, so we understand there will be a lot for whānau to think about. Pop into school to see us for any clarification you need.

Introduction/Amendment of ENROLMENT SCHEMES

Bellevue School, Newlands School, Paparangi School, Rewa Rewa School

The Ministry of Education has written to Bellevue School, Paparangi School and Rewa Rewa School requiring them to implement enrolment schemes at each school. The Ministry of Education has written to Newlands School requiring them to amend their current enrolment scheme, which has been in operation since April 2013.

The purpose of enrolment schemes is to avoid overcrowding or the likelihood of overcrowding at a school, to ensure that the selection of applicants for enrolment at the school is carried out in a fair and transparent manner, and to enable the Secretary of Education to make the best use of existing networks of State Schools.

The Ministry is very aware that the Newlands area and indeed the whole Northern Corridor is an area of new housing developments, infill housing and general population growth. Almost all schools are experiencing roll growth as a result of this. The key lever for school boards to manage roll growth is to implement an enrolment scheme. Bellevue School, Newlands School, Paparangi School and Rewa Rewa School are working collaboratively together so enrolment schemes are implemented at the same time to ensure that the whole Newlands community has certainty about the introduction of schemes, and making the necessity for zones to be amended in the short to medium term less likely.

The proposed zones for each school can be viewed on each school's website. The links are included here:

Bellevue School <http://www.bellevue-newlands.school.nz/>

Newlands School <https://newlandsprimary.ultranet.school.nz/WebSpace/904/>

Paparangi School <http://www.paparangi.school.nz/>

Rewa Rewa School <http://www.rewarewa.school.nz/enrolment.html>

The enrolment schemes will mean that children from families who live inside a school's zone have the right to enrol at that school. All other enrolments will be subject to the enrolment scheme legislation. All students currently enrolled at a school will be considered as in zone children. Enrolled means a child has turned 5 and is present at school at the time the scheme becomes effective. Further information about enrolment scheme legislation can be found at the Ministry of Education website: <https://parents.education.govt.nz/primary-school/schooling-in-nz/enrolment-schemes-zoning/>

We are at the first step of this process which gives the opportunity for consultation with our school community, the wider community and the neighbouring schools. Each Board of Trustees is required to advise the wider community of the intended action and invites people to submit comments about this. All submissions will be acknowledged and considered in this implementation process.

Please submit all comments to enrolmentzoneconsultation@gmail.com or post them in one of the submissions box located in the school offices of Bellevue School, Newlands School, Rewa Rewa School or Paparangi School. **Comments must be received by midday Friday 21 September 2018.**

Yours sincerely

The Board of Trustees from

Paparangi School & Rewa Rewa School*

LAST DAY OF TERM 3

Order forms for your child's personalised calendar, diaries, sketch pads, cards, and mouse pads came home on Monday

Your child's art is precious, and imagine seeing it every day on your 2019 calendar and diary, as well as on cards, sketch pads and mouse pads. These items make perfect Christmas gifts for whānau and friends and are ideal for posting overseas. The order forms came home on Monday and orders will close on Friday 7 September. Your child's art work is on display in the school office if you would like to pop in and see it before you buy.

Friday is pickup day for the dumplings and samosas – from the school hall kitchen

Collect your orders anytime on Friday from the school hall. We are reluctant to put orders into schoolbags as they very possibly won't get home in good condition!! Let us know if this arrangement does not suit you and we will sort out a way to get your goodies to you. Thank you to Soh Kee, Caroline, Yoko, Mayumi, Kimberly, Darren, Roz Whitley, Nicola, Tim and Keiko for spending two days making the dumplings from scratch, an enormous undertaking. Keiko led the team and we know you will enjoy the dumplings which were made with so much aroha. Thank you also to Sanjo for organising the samosa orders. A great weekend of eating ahead!

Putting away readers at school

Managing the readers in the school is a big and never-ending task. Every week teachers plan new reading material for their students and return readers that they have finished with. To help all teachers it is great if we have a group of helpers to put the readers away so teachers can find them easily. We are hoping to make a roster for about 20 to 30 minutes before pick-up at 3 pm. Fiona Schwarz is coordinating this, and if you can help email fiona@newlandsprimary.school.nz or pop in and see Fiona by next Wednesday and she will then do a wee training session. Thank you in advance.

Newlands School is a Tree Guardian for the Wellington City Council

The WCC delivered three feijoa trees to school last week. These have been planted on the bank just off the top field. We are tasked with nurturing the trees and will hopefully be rewarded with beautiful fruit in the near future.
